

Bringing mobility to you

Neuro Zone Physiotherapy is committed to delivering experienced neurological rehabilitation to individuals of all ages in their homes, backyards, parks, pools and community centres. Our knowledgeable rehabilitation team believes in having fun while working towards their clients' physical goals. By providing physiotherapy in real world environments, they can be more functional in their approach and involve family members and caregivers throughout the rehabilitation journey.

We work with individuals with neurological or complex conditions such as:

- Parkinson's disease
- Brain injury
- Spinal cord injuries
- Multiple sclerosis
- Stroke
- Ataxia
- Vertigo, dizziness, balance loss
- Cerebral palsy
- Facial palsy and/or Bell's palsy
- Muscular dystrophy
- Cancer
- Complex orthopaedic injuries

What are the benefits of us coming to you?

- Home exercise programs are tailored to your own environment.
- Less time & energy spent on preparing & traveling to/from your appointment.
- Less time spent on equipment set up; More time spent on your treatment.
- Ability to work on functional tasks within your home setting.
- Therapists can assess and suggest appropriate equipment needs and/or furniture placement for your safety & function.
